Good morning, I waited for some early morning rain and storms to clear out.

Four monitors are up and running and ready for assignment.

PM1, PM2, and PM3 have not changed.

PM 4 has moved and is now at lat: 33.389052°, long: -96.242790°

Respectfully,

Austin Lindsey

Good morning,

We will not be deploying air monitors today due to general rainy conditions on-site, high humidity (97%), and isolated thunderstorms in the forecast.

We're also not excavating or doing T&D today.

Respectfully,

Austin Lindsey
